Austrian republic and declared it had no relation with the former Hapsburg empire. "For a long time the people of German Austria were waiting in distress for this present day to come, which shall relieve the burden caused by the uncertainty as to their future state," he said. "The Danube monarchy against which the Allied and associated powers have waged war and with which they have concluded an armistice, has ceased to exist. The 13th of November, 1918, may be considered the day of its death. From that day there was no monarch any more, nor a big power over which he could hold his sway. There was no more the fatal dualism, neither an Austrian nor a Hungarian government, nor army or any other recognized institution vested with public power.

"There remained only eight nationalities deprived of any public organization, and overnight they created their own parliaments, their own governments and their own armies. In short, their own independent states in the same way as the other national states, our new republic too, has sprung into life. Consequently, she can no more than the former be considered successor of the late monarchy. From this point of view, the fundamental contradictions under which we are laboring, the root of which is waiting to be cleared before this high assembly.

**POINTS REPUBLIC'S POSITION.** "The German Austrian republic in its present shape, has never declared war, never carried on a war, and, in relation to the western powers, never had the position of a warring power from an international point of view. "We are before you as one of the parts of the vanquished and fallen empire. We assume our portion of the liabilities growing out of these relations to the Allied powers, and we are well aware of the fact that our fate is resting in your hands. "We hope and believe that the conscience of the world shall not deny to our people the right of self-determination, which the associated powers have always proclaimed to be the very aim of their war against the Hapsburg and the Hohenzollern monarchies, a right which our people, confiding in the principles recognized by the Allied powers, have adopted as a fundamental basis of their new constitution. "We trust that the world's common sense will not have in view nor will permit our economic ruin. The destruction of the economic unit of the monarchy, the separation of our mountainous country from all its national resources has condemned us, these last six months, to privations which are by far exceeding the sufferings endured in wartime. It was

## AMERICAN GERMAN WAR UPON LEAGUE.

CHICAGO, June 3.—Copies of circulars said to have been issued by the German-American "Bürgerbund," or citizens' society, urging the members to protest to their Senators and Congressmen against the League of Nations, have been sent to the chief of the bureau of investigation of the Department of Justice by the local bureau.

The circulars referred to in the league as a one-man idea and only a guarantee of unbridled rapacity and greed.

## BALLARD DESCRIBES SILVER LAKE DEAL.

NEW YORK, June 3.—The following statement was issued by H. Ballard, first vice-president of Southern California Edison Company, who is in New York and who has just been elected president of the National Electric Light Association of America: "Southern California Edison Company has just completed the purchase of what is known as the Silver Lake property on the San Jacinto watershed of Central California in the Sierra mountains at an elevation of approximately 9000 feet above sea level. "The company's purchase of this property was for the purpose of securing a large natural reservoir site. It is proposed to construct a dam and the necessary tunnels to connect this reservoir with the existing power plant No. 2 on Big Creek with the result that its output from this plant will be without any increase in generating units or in capacity of transmission lines, substantially increased. The water supply will also be available for proposed power plants, numbers Big Creek and 4, below the two existing plants. In other words, the water will eventually be used through three power plants with a total drop of four thousand feet. "In addition to the valuable reservoir site, the company acquires a large tract of timber which at some later date it will operate, level over its own railroad."

## YAQUI KILLING OF AN AMERICAN VERIFIED.

NOGALES (ARIZ.), June 3.—The report of the killing Sunday of Miguel Otto, an American, by Yaquis near Lacortado, Sonora, was confirmed today when Otto's body was found, stripped of clothing, mutilated, and with a bullet hole through the head. Otto had been making his home with a Mexican family at La Colorado. His body was discovered a short distance from their camp, which had been found in the Landwehr which he had left on a hunting trip.

## LILIENTHAL DROPS DEAD.

President of United Railroads Falls Making Plans for College.

SAN FRANCISCO, June 3.—James W. Lilienthal, president of the United Railroads of San Francisco, and prominent attorney, dropped dead while making a plan for funds for St. Ignace College here today. Mr. Lilienthal collapsed in the midst of his speech, falling backward to the floor. He was dead almost before the nearest person reached him. Mr. Lilienthal, who was nationally known as an attorney and street railway expert, assumed the presidency of the United Railroads Company here in 1913, succeeding Patrick Calhoun. He was born in New York City August 3, 1859, and came here in 1894. He was a graduate of Harvard University.

Mr. Lilienthal was a civic and war worker. Mr. Lilienthal was identified with nearly every public welfare campaign here. He was a director in a number of business establishments and served for three terms as president of the San Francisco Bar Association.

## ASQUITH THROWS MUCH BLAME ON LORD FRENCH

LONDON, June 3.—Herbert S. Asquith, who was British Premier at the outbreak of the war, replying in a speech today to criticisms made by Viscount French, the first commander of the British forces in France, in his book concerning the government in the early days of the war, said he prior to the visit to France of Earl Kitchener, the intended movements of Lord French had filled the Cabinet with consternation. The movements, Mr. Asquith added, would have had in the judgment of the Cabinet, the effect of leaving the French army in the lurch in the moment of supreme need. This consternation, Mr. Asquith declared, was shared by the French government. In reply to the charge of Lord French that he was not supported by the government in the supply of munitions, the former Premier read a letter he received from Lord French at the time of the formation of the coalition government. "I am sure that in the whole history of the war no general in the Landwehr canal. The body was held fast in the dyke, preventing its recovery by divers. "A dispatch from Berlin February 10 said that the body of a woman, apparently that of Rosa Luxemburg, had been found in the Landwehr canal, which he had left on a hunting trip."

## CARRANZISTAS JOIN VILLA.

Report of Chihuahua's Fall Persists; Refusal Stands on Troop Passing.

WASHINGTON, June 3.—Private advices received here today in Mexican circles said Francisco Villa's forces captured Chihuahua city yesterday. The advices were without official confirmation.

LAREDO (TEX.), June 3.—A Mexican just arrived here from Parral, declared today that a regiment of newly-equipped Carranzista troops, sent to attack Villa's forces at Parral, over to the revolutionary forces in a body without engaging them. The Mexican said he was given safe conduct by Gen. Angeles.

## NO CHANGE IN ATTITUDE.

WASHINGTON, June 3.—State Department officials said today the American government was not considering its refusal to permit Mexican troops to pass through the United States to the United States to Chihuahua and there was no intention of reconsidering at this time. The officials declared that the Mexican Federal troops there were regarded by officials here as more important than in Chihuahua.

EL PASO, June 3.—Mayor Davis today received a dispatch from Representative Hudspeth in Washington to the effect that acting Secretary Polk is reconsidering his refusal to allow Mexican troops to pass through the United States and may give his consent to the Mexican government.

Representative Hudspeth urged that all possible influence be brought to bear against granting the permit. Representative Hudspeth's dispatch follows: "Had conference with Acting Secretary of State Polk relative to the Mexican troops on request of my telegram. Polk refused to me that permission could not be granted and that some other way would be found to assist the Mexican government. I understood he reconsidered and will possibly give a letter to request the Mexican government. Am taking the matter up with Polk; also wired Gen. H. H. Arnold, Mexican Consul-General at El Paso, arrived here today to confer with Gen. Aguirre. Garcia said he had not been summoned to Mexico City, as had been reported."

Garcia said many news reports about the situation in the State of Chihuahua were very misleading and exaggerated, for while some Villa bandits were active, he said, there had been no developments of importance. Garcia reported to have about 2000 men on the way to attack Chihuahua city, he said. When the attack was made, he said, he would be defeated by the most effective force yet opposed to him. Garcia predicted that the situation would be settled by the end of the month.

## TOLEDO STRIKE RIOT FATAL.

COLUMBUS (O.), June 3.—At midnight tonight Mayor Schreber of Toledo wired Gov. Cox, saying: "Send troops immediately to Toledo." The Mayor said all available deputy sheriffs had been sworn in, but that he was "unable to cope with the situation."

TOLEDO, June 3.—Two men were shot to death and two others dangerously wounded in a riot late tonight growing out of the labor disturbances involving 1500 employees of the Willis-Overland Automobile Company. The victims, presumably idle employees of the company, were killed by discharged soldiers who are guarding the plant.

The killing was the culmination of three riots today and tonight which resulted in injury to thirteen persons. The plant opened a week ago after two weeks' idleness. Discharged soldiers, acting as

## SOON RECOGNIZE KOLCHAK'S RULE.

Ambassador Morris's Visit to Omsk Significant.

Allies Think Popular Democratic Regime Sure.

Bolshevik Radio Describes Petrograd Falling.

(EXCLUSIVE DISPATCH.)

WASHINGTON, June 3.—The visit of United States Ambassador to Japan, Morris at Omsk, sent of the all-Russia government, on an official mission, is one of the final preliminary moves before the recognition of the Kolchak government by the United States, it was learned from an official source today.

Admiral Kolchak has satisfied the representatives of the great powers in Petrograd that his aim is for a popular democratic government for Russia and that he now has the necessary force to "quell the rebellion," as the Bolshevik movement in Russia is termed officially at Omsk.

The Ambassador may complete the necessary arrangements for the recognition of the government. It is also reported that Ambassador Morris will acquaint Admiral Kolchak with the decision of the great powers to finance the new government. The \$20,000,000 needed for the restoration of the Siberian railroad and in continuing and extending the operation of the lines has already been raised.

## PETROGRAD'S PERIL TOLD.

OMSK, Monday, May 24.—A Bolshevik radio dispatch from Moscow dated May 24 gives the text of a proclamation of the Executive Committee of the Bolshevik party as follows:

"The Petrograd front until recently was for us a matter of secondary importance. During the last few days the situation has changed. The Bolsheviks have decided to take Petrograd and the Finnish and Estonian white guards are moving against the city."

"This unexpected attack has brought about great demoralization in our ranks. Every minute counts. All of us must rise to defend the red Petrograd."

COPENHAGEN, June 2.—Estonian and Finnish forces have taken Petrograd, according to an unfurnished telegram from Varso, received by the National Tidende.

## NEW HIGH MARK FOR PUBLIC DEBT.

WASHINGTON, June 3.—The nation's public debt reached a new high mark today when the Treasury announced that it had reached \$1,000,000,000.

Ordinary disbursements in May amounted to \$107,000,000, only slightly less than the \$108,000,000 in the same month last year.

## WET HEADQUARTERS OPENED.

CHICAGO, June 3.—Western headquarters of the Association Opposed to National Prohibition were opened here today following a conference of representatives from nine Middle Western States.

## ARREST DORTEN, IS BERLIN ORDER.

Head of Rhenish Republic Issues Proclamation.

Huns Object to Behavior of French in Rhineland.

Majority of Population Said to be with New State.

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, June 3.—The German government has issued an order for the arrest of Dr. Dorten, president of the Rhenish republic, on the basis of the behavior of the Rhenish republic, the North German Gazette announced.

The government also, the newspaper states, has entered protests both at Paris and Spa, the headquarters of the armistice commission, against their new Rhenish republic, authorities in the occupied area of the Rhineland.

WIESBADEN (Germany), Monday, June 3.—Dr. Dorten, a former state's attorney and head of the Rhenish republic, yesterday forwarded two telegrams to the Allied peace delegations at Paris. In one he announced that the delegates of the Rhenish republic had assembled at Wiesbaden and proclaimed the Rhenish republic, adding:

"We do not propose to shirk the obligations connected with the work of restoration in Belgium and Northern France. They involve the protection of the French authorities against their opponents and the privilege of coming to Paris for negotiations."

The second telegram was as follows: "Everything is quiet in Mayence. The majority of the population is with us."

## COBLENZ ADVICES.

COBLENZ (Monday), June 3.—Telegrams intimating that recognition of the Rhenish republic, reported to have been given by the Allied powers, have been sent to the headquarters of the armistice commission at Paris.

By whom they were given asked Senator Johnson, Republican of California, that his constituents in the State Department, text he allowed to go over without comment. He said he was not a member of the Senate.

Senator Swanson asked the senator to state whether the Rhenish republic was a new state or a continuation of the old German state. He said he was not a member of the Senate.

## POLISH FORCES DENY BREAKING ARMISTICE.

(BY CABLE AND ASSOCIATED PRESS.)

PARIS, June 3.—In reply to an inquiry from the Peace Conference, General Plenski, commander of the Polish forces, said he had sent a telegram to the conference denying that he had broken the armistice with the Ukraine and asserting that his troops only undertook counter-offensive measures against Ukrainian attacks.

The dispatch adds that Poles and Rumanians have effected a junction and perfected a joint front.

## LODGE ASSERTS PEACE TREATY IN NEW YORK.

G.O.P. LEADER SAYS HE HAS COPY OF COMPLETE DRAFT.

SENATOR DENIES HE HAS IT.

(BY A. P. NIGHT WIRE.)

WASHINGTON, June 3.—Senator Lodge, chairman of the Senate Foreign Relations Committee, today declared that he had a copy of the treaty with Germany, which he said he had secured from the State Department.

The statement caused a stir in the Senate, as it was believed that the treaty had not yet been made public. Senator Lodge, however, declared that he had the treaty in his possession.

"The treaty is in New York City," he said. "I saw a copy of it yesterday. I was offered a copy, but I refused to accept it, saying I did not want to be in the position of being a party to the treaty. I heard of four or five copies of the treaty being made in New York City, but I do not know. As far as I am concerned, the only place it is in is the Senate of the United States."

Senator Swanson of Virginia, chairman of the Senate Committee on Foreign Relations, declared that he had a copy of the treaty in his possession. He said he had secured it from the State Department.

## CHINESE OPPOSES RAISE IN RATE.

Days Increases Only Way Meet Operating Cost.

Years Advances Now Would Affect Living Cost.

(BY A. P. NIGHT WIRE.)

WASHINGTON, June 3.—Only increased rates on the government-controlled railroads meet operating expenses, Director-General Hines of the Railroad Administration today declared. He is opposed to an increase at this time, however, as it might advance the cost of necessities of life.

Mr. Hines, who appeared to a Senate committee today, declared that the present wages were based on the cost of living. He said that while the cost of living had increased, the wages had not, and that this was a serious situation.

"The statement caused a stir in the Senate, as it was believed that the wages had not been increased for some time. Mr. Hines, however, declared that he had the wages in his possession."

LODGE ASSERTS PEACE  
TREATY IN NEW YORK

G.O.P. LEADER SAYS HE SAW  
COPY OF COMPLETE DRAFT  
DENIED THE SENATE.

(BY A. P. MIGHT WIRE.)  
WASHINGTON, June 3.—Senator Lodge, chairman of the Senate Foreign Relations Committee, said today that he had seen a copy of the peace treaty in New York. He said that he had seen a copy of the treaty in New York, and that he had seen a copy of the treaty in New York. He said that he had seen a copy of the treaty in New York, and that he had seen a copy of the treaty in New York.

"The treaty is in New York," said Lodge. "I saw a copy of it yesterday. I was offered a copy, but I refused to accept it, saying it was not mine. I heard of four copies in New York. As far as I can tell, the only copy that is not in the hands of the Senate is the one in New York."

Senator Swanson of Virginia, Democratic member of the Foreign Relations Committee, said today that he had seen a copy of the peace treaty in New York. He said that he had seen a copy of the treaty in New York, and that he had seen a copy of the treaty in New York.

"By whom were they given out?" he asked. "By whom were they given out?" he asked. "By whom were they given out?" he asked. "By whom were they given out?" he asked.

"What representative?" he asked. "What representative?" he asked. "What representative?" he asked. "What representative?" he asked.

"The first suggestion that the treaty was available in New York was made by Senator Borah, Republican of Idaho, when a request was made by Senator Johnson, Republican of California, that his resolution be adopted by the Senate."

Senator Swanson said that he had seen the treaty. He said that he had seen the treaty in New York, and that he had seen the treaty in New York. He said that he had seen the treaty in New York, and that he had seen the treaty in New York.

"Regardless of any agreement," he said, "the treaty is in New York. It is in New York, and it is in New York. It is in New York, and it is in New York."

"If the President made an agreement not to give it out, there is no reason why the President should not give it out. It is in New York, and it is in New York."

"There is only one way to get the treaty," he said. "There is only one way to get the treaty. It is in New York, and it is in New York. It is in New York, and it is in New York."

"I think the treaty is in New York," he said. "I think the treaty is in New York. It is in New York, and it is in New York. It is in New York, and it is in New York."

"That may still be remedied," she was told. "A 'Living Trust' will give your affairs the same protection as though your husband had named us in his will."

But, although that widow now has this Bank to care for her property, conserve the assets, collect debts, and reinvest in a safe way, she never has, and never will get back the money lost in unprofitable ventures after her husband died and while she was learning the hard lessons of property management.

HINES OPPOSES  
RAISE IN RATES.

Says Increases Only Way to  
Most Operating Cost.

Fears Advances Now Would  
Affect Living Cost.

Rate-Making Powers to Return  
to Commerce Body.

(BY A. P. MIGHT WIRE.)  
WASHINGTON, June 3.—Only by increasing rates can the government-owned railroads meet operating expenses, Director-General Hines of the Railroad Administration today declared.

The House Appropriations Committee, he is opposed to any increase at this time, however, because it might advance the cost of living.

Mr. Hines, who appeared to ask for \$1,000,000 additional for the Administration's revolving fund for the remainder of this calendar year, declared that while the railroads have increased 51 to 53 per cent. since the government took over, they are still "reasonable and fair."

The present wages were based on the prevailing rates in industry, Mr. Hines said, and while the increases were not responsible for the government's loss in operating the lines, the loss was represented in

increases of from 55 to 70 per cent. in equipment costs.

In explaining the railroad requirements, Mr. Hines said the government's loss in 1918 and the first three months of this year was approximately \$48,000,000. The replacement in this amount in the administration fund was requested as a part of the new appropriation to the government with increased working capital of \$125,000,000.

Proposed loans to railroads, he said, were expected to be increased to \$775,000,000, including sums advanced last year, with \$14,000,000 being used for inland waterways development.

Director-General Hines outlined to the American Short Line Railroad Association convention here today his plan for a solution of the railroad problem, under which the railroads would be consolidated into from twelve to twenty great systems under government regulation sufficiently definite as to attract private capital and affording protection to the weaker roads.

The only alternative to such regulation, he said, would be public ownership, for under any other plan private management would be doomed to ultimate failure.

The director-general said each system must be made up of some of the stronger roads and some of the weaker ones, be of a highly competitive character and have government representation on its directors.

**WORKABLE BASIS.**  
A workable basis on which a proper return on the valuation of the railroad properties could be determined was essential, Mr. Hines declared, adding that excess earnings should be divided between the railroads and the government.

Prompt action by Congress in providing for the future of the railroads was necessary, in Mr. Hines' view, as the present situation causes the public to suffer.

The Senate Interstate Commerce Committee by unanimous vote today ordered favorably reported a bill by Chairman Cummins, restoring at once the rate-making powers of the Interstate Commerce Commission.

The bill amends the Railroad Control act so as to give the commission complete authority to set aside, change or modify all rates, fares, classifications and regulations initiated by the President during the period of government control.

No provision is made, however, relative to regulation of interstate rates by State commissions.

The committee also expects to report favorably a measure providing for the turning back of the wire systems.

Demand that railroad employees submit to government regulations as to the companies was made by President Birch M. Robinson today at the convention here of the American Short Line Railroad Association.

The government regulation of the carriers is expanded to the most minute details, he said, "the employees are left to exercise their own sweet will, which they often do in a most autocratic way. Wage demands have absorbed already the \$1,000,000 rate increase which is being paid by the public."

**EXTRAVAGANCE CHARGED.**  
In view of the "reckless extravagance" of government in all its business, Mr. Robinson said, the demand for railroad economy was "ridiculous."

He denounced the claim of \$118,000,000 saved in the first year of government operation as "unjustified, and charged that in 1918 the government had a deficit of \$1,000,000, every day in the first eighteen months of government control.

ELLENBURG (Wash.) June 3.—Between 1,100 and 1,200 coal miners are on strike at the North-western Improvement Company's mines at Cle Elum and Roslyn, near here. The men walked out when the company refused to continue what it was said was a war bonus for pushing cars in the mines.

**CO-ORDINATING AID FOR EUROPE PLANNED.**  
WASHINGTON, June 3.—Twenty executives from national banks meet in Morgan offices.

(BY A. P. MIGHT WIRE.)  
NEW YORK, June 3.—Initial steps in the direction of co-ordinating the financial and industrial resources of the United States for extending credit to European countries were taken at an informal meeting of twenty executives from the largest national banks, trust companies and private banking houses in this city at the offices of J. P. Morgan & Co. today.

The meeting resulted in the appointment of a subcommittee of five charged to develop co-ordinating plans to set similar committees at work in other large cities of this country and report to the larger committee.

H. P. Davidson of the Morgan firm, who presided at the meeting, explained that the bankers were engaged merely in creating machinery which will be required to set European countries on their feet and get them back to normal industrial and financial condition.

Bankers in Chicago, St. Louis, San Francisco, Boston and Pittsburgh, and other important financial centers will be asked to take action similar to that taken in this city.

**PTOMAIN KILLS 12 OF 36 YUKON DINERS.**  
DAWSON (Y. T.) June 3.—Of the thirty-six prominent men of the North who sat down to dinner at the Yukon Gold Company's plant on Hunker Creek May 22, in what proved to be a variable lottery of death, twelve have died from ptomaine poisoning, and four are still in the hospital. Among those who died were: William Cyrus Lawson, 39, Fort Scott, Kan., formerly of Croville, Cal., and superintendent of the Yukon Gold Company, and John Grant, 52, formerly Sheriff at Aspen, Colo.

**A BOAT TO MAKE TRIPS.**  
NEW ORLEANS, June 3.—The U.S.S. one of the five German submarines surrendered to the United States, will leave New Orleans Friday on a cruise up the Mississippi River to St. Louis. On its return from St. Louis the U-boat will make a trip through the Panama Canal to Seattle.

**ENEMY ALIENS PAROLED.**  
SALT LAKE CITY, June 3.—Sixteen enemy aliens, interned at the prison barracks at Fort Douglas, near here, were paroled to their former homes today. All of the men are said to be not dangerous. Their former places of residence were not made public.

STRIKE CALLED  
AT VANCOUVER.

General Walkout, Does not  
Follow the Call.

City Apparently not Materially Affected.

Telephone and Telegraph  
Systems Running.

(BY A. P. MIGHT WIRE.)  
VANCOUVER (B. C.) June 3.—Westward tide of strikes which have been sweeping across the Dominion, with Winnipeg as the starting point, reached a flood at Vancouver today when nearly every branch of organized labor except men employed in public utilities quit work shortly before noon in compliance with the general strike order of the Trades and Labor Council.

Street railway men, however, declined to obey the order to strike at midnight and announced they would discuss the situation further.

All shipyard workers struck except for the molders at one plant. Four yards were affected. Telephone and telegraph service was unimpaired; civic employees, teamsters, bakery and milk-wagon drivers, police and firemen are still at work.

Water-front activities are at a virtual standstill.

**SEAMEN WALK ASHORE.**  
Seamens walked ashore at 11 a.m. from the coastwise steamers Princess Beatrice, Ventura, Camas and Cheloupin. The coast seamen joined the general strike and also made demands upon their employers for the eight-hour day and wage increases.

Longshoremen working on the deep-sea vessels Empress of Russia and Billiton, left their work in answer to the strike call. These will be tied in port during the strike, it was believed.

Linemen and installers of the British Columbia Telephone Company went out in the general strike. Telephone operators continued at work.

Vancouver's strike will be over Friday, J. Kavanagh, active secretary of the Trades and Labor Council, which called the walk-out, predicted today.

The Strike Committee stated that the unions voted three to two in favor of the general walk-out. The exact figures will be given out when the strike is over, it was said.

The Standifer Shipbuilding Corporation, which closed its steel shipyard here yesterday as the result of a strike, will reopen the yard tomorrow regardless of whether the strike is settled, it was announced today. Eighteen hundred men went out on strike, and 1200 employees refused to strike.

**COAL MINERS STRIKE.**  
ELLENBURG (Wash.) June 3.—Between 1,100 and 1,200 coal miners are on strike at the North-western Improvement Company's mines at Cle Elum and Roslyn, near here. The men walked out when the company refused to continue what it was said was a war bonus for pushing cars in the mines.

**CO-ORDINATING AID FOR EUROPE PLANNED.**  
WASHINGTON, June 3.—Twenty executives from national banks meet in Morgan offices.

(BY A. P. MIGHT WIRE.)  
NEW YORK, June 3.—Initial steps in the direction of co-ordinating the financial and industrial resources of the United States for extending credit to European countries were taken at an informal meeting of twenty executives from the largest national banks, trust companies and private banking houses in this city at the offices of J. P. Morgan & Co. today.

The meeting resulted in the appointment of a subcommittee of five charged to develop co-ordinating plans to set similar committees at work in other large cities of this country and report to the larger committee.

H. P. Davidson of the Morgan firm, who presided at the meeting, explained that the bankers were engaged merely in creating machinery which will be required to set European countries on their feet and get them back to normal industrial and financial condition.

Bankers in Chicago, St. Louis, San Francisco, Boston and Pittsburgh, and other important financial centers will be asked to take action similar to that taken in this city.

CALL MONEY RATES  
AT NEW HIGH FIGURE.

FAVORITE STOCKS DROP TWENTY POINTS; TURNOVER 2,000,000 SHARES.

(BY A. P. MIGHT WIRE.)  
NEW YORK, June 3.—The stock market experienced today one of the wildest sessions the exchange has known since the days of the "war bride" boom. An advance in call money rates after noon to 11 per cent., a new high figure since the establishment of the Federal reserve banks, precipitated a sharp break in prices, the selling stampede continuing almost unintermittently until the close. Some of the stocks which have been speculative favorites dropped from three to twenty points.

The turnover was more than two million shares, six hundred thousand of which changed hands during the final hour, congesting the official reporting facilities to such an extent that it was 25 minutes after the closing time when the last sale appeared on the ticker tape.

There were unconfirmed reports tonight that another so-called "money committee" would be created with view to curbing the speculative tendencies which during the past few months have aided in carrying quotations steadily upward.

The rate on industrial collateral rose to 10 per cent. late yesterday, but this circumstance did not deter professional traders from continued speculation, and this afternoon several of the leading banks called loans in large amounts, causing the quick advance in the rate on mixed collateral.

Several financial houses with speculative proclivities recently have added largely to their loans and have been advised by Federal reserve bank managers to reduce these commitments on the ground that the situation was becoming undesirable. Record-breaking prices have been reached in recent weeks and the market had been declared in some quarters to be in a sensitive position.

**EUROPE GRAIN NEED IS 850,000,000 BUSHELS.**

**HOOVER ANNOUNCES COMPLETION OF SURVEY OF THE FOOD PROSPECTS.**

(BY CABLE AND ASSOCIATED PRESS.)  
PARIS, June 3.—A preliminary survey of the food prospects of Europe, except Russia, shows that the area will need 700,000,000 bushels of wheat and rye at a minimum, of 850,000,000 bushels as a possible maximum. Herbert Hoover, head of the Allied Food Organization, said in a statement issued tonight.

The export surplus of wheat and rye from the larger exporting countries indicates that the needs of Europe can be met.

Mr. Hoover estimates the exports of wheat and rye at 1,550,000,000 bushels. This indicates a crop of about 17 per cent. of pre-war normal. The pre-war consumption, outside of seed, was about 2,500,000,000 bushels, indicating an import of about 950,000,000 bushels if consumption were normal next year.

The somewhat diminished populations and the diminished buying power militate against full normal consumption, but the least possible consumption with the maintenance of public health we estimate at 2,150,000,000 bushels, or an import on a minimum basis of about 700,000,000 bushels.

"The present stocks and crop conditions in the larger exporting countries would indicate that there should be in the coming harvest year an export surplus of wheat and rye of from 870,000,000 bushels to 900,000,000 bushels, but of this, other countries than Europe require about 100,000,000 bushels, leaving the supply of from 770,000,000 bushels to 800,000,000 available for Europe."

"The consumption in the United States has increased to an extraordinary degree in the past year. From the 1918 crop of rye we will export about 270,000,000 bushels and as the 1919 crop promises at least 240,000,000 bushels larger than 1918, it seems that we can export at the present rate of consumption about 470,000,000 bushels. The minimum export surplus from Canada, Argentina, Australia, and minor countries, may be estimated at 400,000,000 bushels, while Russia and India may be expected to export about 100,000,000 bushels out of the export list next year."

**MODIFICATION OF DRY LAW, LABOR PLEA.**  
WASHINGTON, June 3.—Modification of the war-time prohibition law so the working man may have light wines and beer was urged today by representatives of organized labor at the first of the hearings by the House Judiciary Committee upon liquor measures.

**Lemon Juice For Freckles.**  
Giriel Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy white the skin becomes. Yes! It is harmless and never irritates.

When Godowsky  
Plays Tomorrow Night

at Trinity Auditorium

MUSIC LOVERS will have an opportunity to hear a recital excellent in unique interest any recital ever held in Los Angeles.

The facts justify this emphatic statement.

ANY recital by Godowsky, the world's greatest pianist, is supremely important musically.

THIS particular recital by Godowsky possesses features of extraordinary interest, scientifically as well as musically.

Godowsky will play in direct comparison with reproductions of his own renditions by the so-called "miracle instrument," the

KNABE AMPICO  
Reproducing Piano

No other hands can duplicate the marvelous work of Godowsky's fingers. The technical intricacies and delicate tonal colorings accomplished by Godowsky are beyond the power of any other living pianist.

There is ONLY ONE MEANS of duplicating them with absolute EXACTNESS and that single means is the scientific Knabe Ampico Reproducing Piano.

There is no effect possible for the most gifted fingers to accomplish which the more-than-human KNABE Ampico Reproducing Piano cannot repeat in detail.

What the KNABE Ampico Reproducing Piano will actually do—and how utterly different it is from any other instrument in the world—you could not possibly understand from mere words, even if you were willing to accept our statements completely.

You must HEAR the KNABE Ampico Reproducing Piano itself to grasp the faintest significance of this scientific achievement—and to hear it reproduce Godowsky's own hand playing in direct comparison with his original performances, will prove that the KNABE Ampico Reproducing Piano really represents one of the most remarkable and valuable scientific contributions of this century of many wonders.

FLASHES.

THEY'RE HOME-BROKEN.

DE WOLF HOPPER, WARNER BOLD DOMESTIC CONFAB.

By Grace Kingsley.  
"Three weeks more and I'll be at home with the wife and little Bill!" "Well, we'd like to move into a regular house, but the nurse likes the Hollywood Hotel, and it agrees with baby Joan so well there."

De Wolf Hopper, last night after the performance of "The Better 'Ole" at the Mason, where Hopper, you know, is playing "Old Bull," and when it was reasonable to suppose that something exciting if not spicy in the way of conversation might take place, Warner is out here doing pictures for James D. Hampton, but a few months ago both he and Hopper were two of the main hits on Broadway and their great talk. Now they're just too hopelessly domestic for anything.

Chester Fernald Visits.

Chester Fernald, the well-known English dramatist, is at the Alexandria for a few days as the representative of several British dramatic authors in the disposition of the moving picture rights.

Mr. Fernald, who is best known as the author of "The Cat and the Church," had a part in the making of nearly all the great plays which have been written by English authors since the war.

# COULTER'S JUNE SALES!

Values Extraordinary Throughout the Store

## Wool Jersey Suits

\$2675, \$2975, \$3675, \$4675

Wool jersey provides the material ideal for summer suits; holding its shape well, not unduly warm, and, if purchased here and now, inexpensive.

In plain shades of tan, taupe, rookie, navy, Copen, green—a few, too, in rose, emerald and purple—these smart suits are for the most part in solid colors, although some are trimmed in contrast.

Some few of those at the higher prices are in mixtures; all are sharply reduced.

## Comfortable Summer-weight Corsets

Treco corsets either front or back lace in various heights and lengths; pink or white; 19 to 33 in models to suit almost any type of figure...

## Selling Agents for "Eppo" Petticoats

What women are wearing

Many a footprint of fashion is made by the new Colonial—the pump with the large buckle.

The Russian note is seen in the detail of design, bits of embroidery and in the blouse line of many new frocks and gowns.

Here, there, everywhere—sailors of rough straw. Some softly drooping, others stiff and straight.

Plaid skirts may go side or box pleated with equal effectiveness and are better than ever for sports wear.

The decorative beaded bag—in spite of its many new rivals—holds its own. Many pretty patterns in conventional design or French color combinations.

Have you seen the leather canteen case? It's fitted for service with every feminine accessory from purse to powder box.

## Linen Handkerchiefs

Plain, pure linen, of very good quality; while any are left we shall sell these real 35c handkerchiefs at

# Bitter or Better Baking

A letter makes a great difference in a word. A word makes a great difference in baking powders.

If the little word "alum" appears on the label it may mean *bitter* baking. If the word ROYAL stands out bold and strong, it surely means *BETTER* baking.

This is only one reason why it pays to use

Do certain places on your face give annoyance in shaving?

PRACTICALLY all of the annoyance of shaving "tender spots" on your face comes from using a razor blade that has lost its keen, new edge.

You can avoid this unpleasant feature of shaving if you use the razor that provides a quick and easy means of stropping the blade to a keen edge—the AutoStrop Razor.

AutoStrop Razor Blades are made of the hardest, toughest steel produced for razor blade use, each with the sharpest

kind of cutting edge. To keep these blades keen-edged as when new, the AutoStrop Razor is made with a patented, self-contained stropping feature.

A pressure of the thumb adjusts the blade for close, medium or light shaving. The AutoStrop Razor is the only safety razor that sharpens, shaves and cleans without removing the blade.

## SHIRT'S GONE; RIOT FOLLOWS.

Colored Man and "Lady Fair" Resent Article's Loss.

He Tosses Them Out, She Hits 'Em in Passing, 'Tis Said.

Three Chinese in Hospital as Result of Battle.

One missing shirt, said to have been lost by a Chinese laundry at 1514 Central avenue, was the direct cause yesterday of a riot in which the owner of the shirt, Claude Johnson, a negro, and his "lady fair," Marie Morgan, undertook to wreck the laundry.

Three Chinamen out of five engaged in the riot and the riot, suffering from broken jaws, arms, and other injuries, and Marie Morgan is in the City Jail charged with assault. Johnson, who was captured, but escaped from the police, is still at large.

According to Sing Yuen and Que Wong, two of the injured Chinese, the battle was fought with clubs, flat irons, boards with nails stuck in the ends, and rocks. All the weapons, according to the Chinese, were used impartially by Johnson and Marie Morgan. The Chinamen, according to their own story, and also that of several witnesses, used only their feet, and mostly in kicking.

An investigation made by Police Detectives Glenn and Stevens, who arrested the Morgan woman, disclosed that the trouble was over Johnson's missing shirt. With Marie Morgan, Johnson called at the laundry about noon yesterday for some laundry he had left several days before. Johnson counted the laundry and found one shirt missing. He ordered the Chinese to make good his loss. Then the trouble started.

According to the Chinese, the Morgan woman slipped Johnson's flat iron. He threw the iron at a Chinaman. The Chinaman dodged and the iron flew through a glass door. The crashing glass seemed to give Johnson a new thought. One by one, as the laundry owners rushed at Johnson in an attempt to save their property, he threw them through the already broken door. The last two of the five Chinamen in the place didn't wait to go out by way of the door. They left through the window.

While the battle raged between the Chinese and Johnson was taking place, Marie Morgan, according to witnesses, armed herself with a long board, with two long sharp nails in the end, and the Chinamen passed her en route to the door, swung her weapon against the hands of the Chinese. Johnson, who was discovered in hiding in the vicinity and placed under arrest, was turned over to several civilians to hold, and while the police officers were searching for the woman he escaped. Some time later Marie Morgan was arrested by Detectives Glenn and Stevens and booked at Central Police Station on a charge of assault.

At the Receiving Hospital Sing Yuen was treated for a fractured jaw and many lacerations about the body. Que Wong received a fractured left arm and lacerations. The third Chinaman, whose name was not known by the police, was treated by a private physician. The laundry is closed.

**SENTENCED FOR BURGLARY.**

G. Wiley Lewis, accused of burglary in the residence of Elsie Livingston, 450 West Colorado street, Pasadena, pleaded guilty yesterday in Judge William H. Hall's court. He was sentenced to a term of one year and asked for an immediate sentence, being given from one to five years at San Quentin.

**NEW YORKER HERE FOR BANKERS' MEETING.**

President R. P. Grant of the Irving National Bank of New York and wife arrived at the Alexandria yesterday, and will attend the annual meeting of the California Bankers' Association at Catalina. The first session will be held tomorrow, and the meeting will continue throughout the week. Leading bankers from all parts of the state, as well as a number of prominent bankers from the Middle West, will attend as invited guests.

**HER INCOME SURE.**

JUDGE HESITATES TO RELEASE MAN WHO HAD BEEN ARRESTED FOR DEFECTION.

A bird in the hand is worth two in the bush, thought Judge Craig yesterday in the case of William H. Grant, a mining man and promoter, who is in the County Jail on a charge of failing to provide for his wife, May R. Grant, and her infant son. She charges him with deserting her for another woman, and leaving her destitute.

Her fortune was squandered by him, she said, and "he was always living on borrowed money." A friend offered Mr. Grant a chance with a salaried company in Nevada at a salary of \$100 a week if the court would release him from jail. The court stated:

"We are sure of \$40 a month for work on the rock pile, and this money his family will receive."

Mrs. Grant will be asked about the matter by the court, as she is the interested party, and Deputy District Attorney George F. Bullock was instructed to consult the wife.

**AFTER PLUMBERS WHO IGNORE RULES.**

M. W. Lyon, chief plumbing inspector of California, is in the city to hold a conference with the members of the plumbers' examining board of Los Angeles county.

The object of the conference is to pass on the cases of plumbers who have failed to appear for the examination when they were notified, and also on those who have neglected to register, as required by the law. It is possible that proceedings will be started to enforce the provisions of the law.

Oral examinations will be conducted by the Los Angeles county board on the evenings of June 5, 6 and 7 at room 401, Hall of Records, County Courthouse.

Registration blanks can be procured from the secretary of the county board, Charles M. Swinerton, 109 South Broadway.

**OIL MAN HELD UP.**

A formal complaint, accusing Roy M. Schery and R. W. Uhlir, with holding up the man in charge of a Standard Oil supply station at Vermont and Vernon avenues, was filed yesterday by Deputy District Attorney Randall. The men are alleged to have obtained \$85 and a number of gasoline coupon books. They were arraigned in justice court and lodged in the County Jail.

## WANT AERIAL SIGNPOST HERE.

Commerce Chamber Asks the Council to Act to Aid Traveling Birdmen.

Following the announcement that Oroville has established the first aerial signpost in the State for the guidance of aviators, the Chamber of Commerce yesterday sent an inquiry to the City Council, wanting to know what steps, if any, have been taken to establish an aerial signpost here.

Secretary Wiggins points out that there are already five commercial and two private aviation fields in Los Angeles, and that the city is on the direct line of flight from San Diego to San Francisco. As soon as the chamber receives a report from the city as to what progress has been made toward placing an aerial signpost here, its directors will undertake to work out some other plan to aid flying aviators, it is said.

The people of Oroville have painted the name of their city upon the side of the exposition building, the word being 100 feet long and twenty feet high. It can be read by aviators flying at an altitude of one mile. It points the way to Riley field, three miles distant.

**RANKLING EPIPHET.**

Englishwoman Granted Divorce from German Husband.

What insulting term in German did Hubert A. Odenthal apply to his wife, Alice Odenthal, said to be the niece of Lady De Lapole, and which Mrs. Odenthal, being English, could not endure? One of the witnesses objected to using the term, and the court was hearing Mrs. Odenthal's divorce suit yesterday, remarked:

"We cannot be modest in a divorce court."

Mrs. Odenthal declared that during the war her husband's conduct became unbearable. She was granted a decree.

**PROFFITT HAS COMPLETE ALIBI.**

Former Flying Squad Officer Accounts for His Time.

Prosecution in Opium Case is Confident, However.

Auto Man and Wife Differ in Their Testimony.

Testimony before a jury in United States District Judge Tripper's court, yesterday, in behalf of Howard E. Proffitt and William E. Hill, former members of the police flying squad, charged with violation of the opium smuggling law, was entirely along the line of furnishing an alibi for the defendants. Much of the evidence was furnished by Proffitt, who gave voluminous testimony tending to disprove what the government had brought out.

A score of more witnesses have been subpoenaed in behalf of the defendants, and it is requiring the court to put in extra hours that the case may go to the jury tomorrow night.

It was stated yesterday that the government will have some strong and sensational testimony today that will tear down the alibi evidence of the defense.

One of the features of the defense was the dispute between A. W. Saline, a mechanic at Roy B. Holmes' auto repair shop, and Edward Allen Manner, who gave evidence for the defense diametrically opposite to each other. A number of witnesses were put on the stand to show that Proffitt was at the Holmes shop on the evening of Sunday, February 3, between 8:30 and 9:05 p.m. All of Proffitt's time from 8 p.m. until 10:30 p.m., when he reported to Central Station for duty, was accounted for by witnesses.

Mrs. Nellie Holmes, wife of Roy B. Holmes, made an affidavit that informed the government of a conversation she had had with her husband after he had testified for the defense last week. She said that Holmes had insisted that he was mistaken about seeing Hill with Proffitt at their home on the evening of February 3, and had advised her to "forget it" if called as a witness. She also declared that she had accused her husband of having knowledge of opium dealings in which Proffitt and Hill were interested, and charged him with concealing an auto in his garage for which the government authorities were looking, because it was suspected of having a false bottom with opium concealed in it.

Holmes admitted that his wife's affidavit was true in substance, and explained that he thought she was honestly mistaken about seeing Hill at their home with Proffitt on February 3, and did not want her to tell a falsehood about it.

On direct examination, the defense, Proffitt, stood by his story faithfully, apparently without being confused or shaken as to essential points. It was a categorical denial of every charge made by the government.

Proffitt denied strenuously that he was a party to the robbery of Hom Hong when the Chinese lost \$4000 and the case of smoking opium, which he denied that he had ever worn a false moustache in a Pasadena business place, where Hom Hong said he saw two officers.

At the close of the day the testimony to show that Proffitt was at the Holmes shop on the evening of February 3, and did not want her to tell a falsehood about it.
